

Questionnaire on experiences of further education in Worcestershire

	Worcestershire Children First are looking at education for young people aged 16 and over, who have Special Educational Needs and/or Disabilities.
	We want to make sure we have enough educational provision within Worcestershire, for those with complex and profound needs.
	To help us plan for the future, we would like to hear your experience of current further education provision within Worcestershire.
	We want to gather as many views as we can from children and young people with Special Educational Needs (SEND) and their families.

We would be very pleased if you could complete this survey online

	If you prefer you can complete this version and return it by email to Jenny Davis – jdavis2@worcschildrenfirst.org.uk
