Further to my consultation emails below regarding the above proposal, the deadline for comments has now passed and do not appear to have received any comments from you on the second consultation on the submitted further environmental information (known as Regulation 25). I would be most grateful for any comments you may wish to make on the proposal by **27 January 2021**. If this is not possible, please let me know. If I do not receive any comments from you by this date, I will assume your original comments (attached) on the application remain unchanged.

Kind regards

Steve
