Dear Steve,

Thank you for re consulting on this application. The additional information does not alter my previous advice in regard to the Historic Environment as laid out in my letter of 16th March 2020, and it is welcome to see the restoration of the estate wall

arboriculture, water environment, rights of way and leisure and recreation. The County Council are now seeking comments on this additional further information.

The applicant is seeking planning permission to extract approximately 3 million tonnes of sand and gravel over a total of 6 phases. The land would be progressively restored using site derived and imported inert material to agricultural parkland, public access and nature enhancement. The applicant estimates the development would take approximately 11 years to complete.

A copy of this additional further information together with the planning application, the plans, the Environmental Statement, the Non-Technical Summary and other documents submitted with the application can be inspected online at: www.worcestershire.gov.uk/eplanning using the application reference 19/000053/CM until 9 September 2021 . When searching by application reference, please ensure that the full application reference number, including the suffix are entered into the search field.

I would be grateful to receive any comments that you may wish to make on the additional further information / application by 9 September 2021 by email or by post to the address below. If this is not possible then please let me know. If you have already commented on this application, and if I do not hear from you by this date I will assume your comments remain unchanged.

Due to the coronavirus (COVID-19) pandemic the majority of Council staff are working remotely. We have made arrangements for letters sent via the postal service to be distributed to the appropriate officer. Where possible, we encourage all comments / correspondence to be submitted by email or online using the above link.

Please note that all correspondence regarding any planning application will be available for inspection by the applicant and any interested third parties.

Please do not hesitate to contact me if you have any queries.

Kind regards

Steve
