Subject: Planning application 19/000053/CM - Proposed sand and gravel quarry etc. on Land at Lea Castle Farm, Wolverley Road, Broadwaters, Kidderminster

Dear Steve,

Thank you for sending us the additional information for this application. We note the contents of the various associated documents, and in particular the commentary submitted in relation to T22, about which we have raised concerns in the past. The submitted details respond positively to our comments and we are now content that the tree can be retained and protected in line with current guidance. Accordingly, we do not wish to object or comment further and we are content to defer to the opinions of the council's ecologists for all on-site biodiversity considerations.

I hope that these comments are of use to you but please do not hesitate to contact us again if we can be of further assistance.

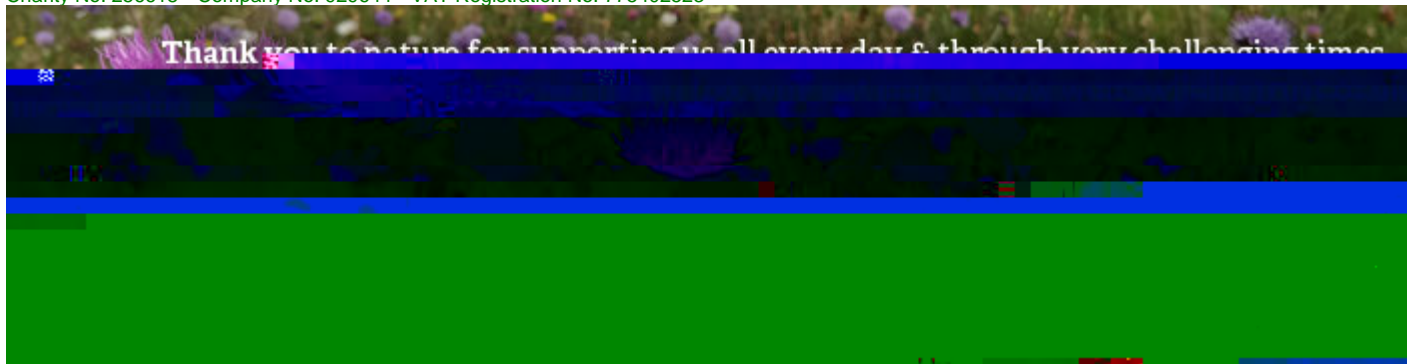

Best Wishes,

Steve

Steven Bloomfield
