INSPIRING

## TASK 2

## KNOW THE COURSE, EXPLORE...

**Now you have completed task 1, create a list of courses that interest you in the box below**

Explore the courses available further by researching all the different types of courses available on **UCAS Course Search**
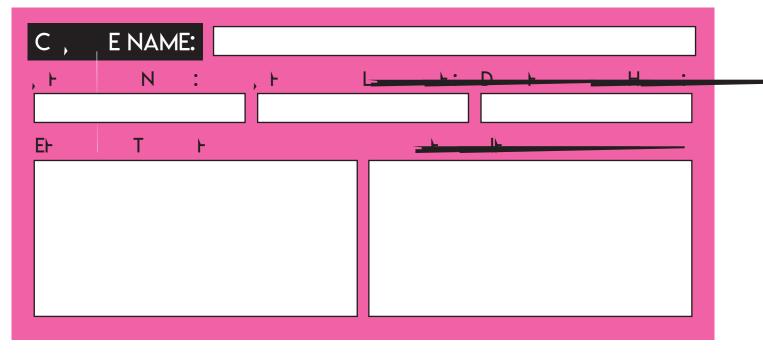

Top tips when searching for courses:

> Make sure you search 'undergraduate' if you are currently a college student

> **Use this guide if you need ideas**

> **Click here for an explanation of the different qualifications**

>

# TASK 3
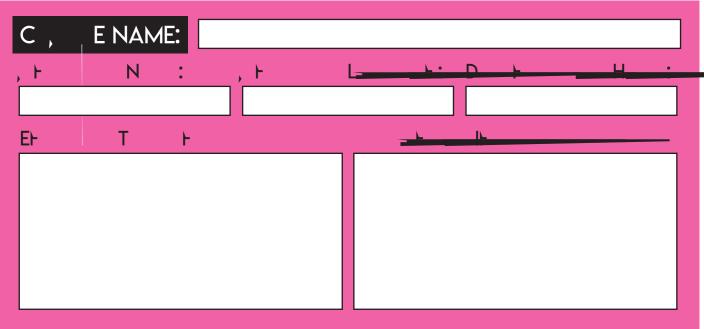

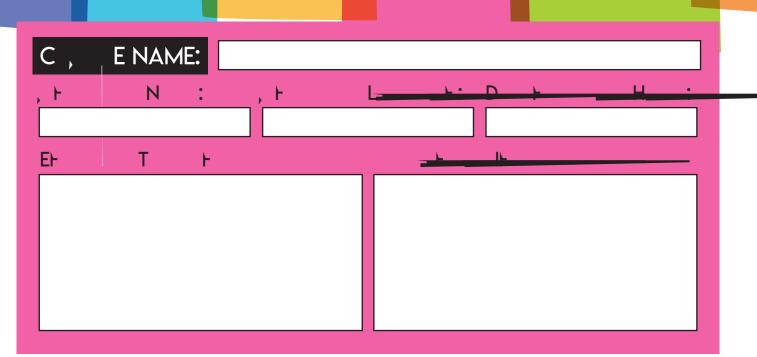

## MY CHOICES...

**Can you now create a new slide called My favourite courses in the table below**

List your 5 favourite courses but ensure you provide the following information about each one:

> Course Name (For example BSc Computer Science)

> University Name

> University Location

> Travel distance from your current home (You can use Google Maps for this)

> Entry Requirements (This is often listed on UCAS or you may need to go to the university website)

> Reasons why the course interests you (Make sure you explore the modules of the course as these are the actual subjects you would be studying)

### COURSE NAME:

UNI NAME: | UNI LOCATION: | DISTANCE FROM HOME:

ENTRY REQS:

## KNOW THE COURSE...

Applications to university are done through UCAS and there are deadlines to adhere to which can be found here by following the link **here**.

Your school or college careers teams will help you to apply, but you can make a start by preparing a personal statement.

A personal statement is a piece of writing (4000 characters) that gives you a chance to describe your ambitions, skills and experience to the universities.

**Why not have a go at creating your own personal statement here**
