

Worcestershire County Council's comments on Note Provided by Appellant regarding Permitted Landfill Sites

Site Address: Lea Castle Farm, Wolverley Road, Broadwaters, Kidderminster

Description of the development: Proposed sand and gravel quarry with progressive restoration using site derived and imported inert material to agricultural parkland, public access and nature enhancement

Application reference: 19/000053/CM

Appellant's name: NRS Aggregates Ltd

Appeal reference: APP/E1855/W/22/3310099

With regard to the above appeal, the Inspector has requested a response from the County Council in respect of the information supplied by the Appellant (ID.43) regarding landfill sites in the County that have an Environmental Permit and the implications of this for inert waste supply.

The County Council concur with the appellant that the latest Environment Agency (EA) Waste Data Interrogator (WDI) is that which was published in November 2022 and refers to 2021 data. The EA WDI sets out three sites in Worcestershire that accepted inert waste in 2021, these were:

- Summerway Landfill (Wyre Forest District) – accepted 119,552 tonnes of inert waste

2018: *No capacity gap for disposal and landfill*

Explanation: *The amount of inert waste landfilled in Worcestershire was 197,256 tonnes in 2018, 236,308 tonnes in 2019, and 180,951 tonnes in 2020, leading to a cumulative 1,660,191 tonnes of non-inert waste lan*
