Haybridge High School Sxth Form welcomes applications from all young people who meet the Sxth

Please note that if your child has an EHCP, even if this names Haybridge you should also submit an application in the usual way.

Children for whom an has been agreed naming Haybridge: where places required by such students are known before the Admissions Committee meets, the number of students with EHCPs naming this school will be deducted from the places available to be offered. Such students are automatically offered places at the school and the Headteacher and Local Governing Body will consider each application for these students individually.

EHCP,

Haybridge should be involved in the appropriate review. A response of concern may be raised on receipt of an application if

or if there is evidence that to admit the applicant would have a detrimental impact on the learning of other students.

Haybridge High School Sxth Form is a popular sixth form which is oversubscribed. The purpose of the published oversubscription criteria is to give everyone a fair opportunity to apply for a place in the Sxth Form ime and the utmost care to ensure that the system is applied fairly. The Local Governing Body have the authority to determine whether an applicant meets the criteria for admission.

Where there are more applications than places students who fulfil the entry criteria will be offered provisional places, subject to availability in the agreed pathway and courses, in the following order of priority (for definitions of the words in bold, see the section below on Definitions):

1.

2.

- 3. Students with a on roll at Haybridge.
- 4. Students whose is nearest the school by the shortest straight line distance.

Applications will be further ranked within each category according to the above criteria. For example, Applicant A who has a qualifying sibling and lives one mile from the school will take precedence over Applicant B who also has a qualifying sibling but who lives two miles from the school.

Eligibility for any category met at the time of application must apply at least until the last closing datefor applications for such eligibility to remain valid. Any changetime which would affect their eligibility for any category must be communicated in writing to theDirector of Sxth Form without delay.

Home is defined as the only or main residential address at the time of application where the child normally resides and which is the address of the parent/carer with main responsibility for the child. Documentary evidence may be required.

Where parents/ carers have shared responsibility, for example usually as a result of separation or be considered to be that of the parent/carer with whom the child lives for the majority of the school week (eg three or more days out of five Monday to Friday during term-time) and who has main responsibility for the child. Where care is split equally, parent/carers must provide independent supporting documentary evidence to prove that care is equally split. In such cases the address used will be determined by random selection (lottery). Someone totally independent of the local governing body will supervise this process.

Places cannot be offered on the basis of a possible future address. Changes of address after application may be considered at the discretion of the Governors after the main offer date if supported by acceptable evidence.

For children of UK service personnel with a confirmed posting, or crown servants returning from overseas, we will allocate a place, as long as one is available, in advance of the family arriving in the area, provided the application is accompanied by an official letter that declares a relocation date. We may require documentary evidence of the intended address in order to establish how the application meets our oversubscription criteria, for exampl
