

Dear Sirs

I would like my overall objection to the quarry to be officially recorded, especially on the grounds of:-

i) ENVIRONMENTAL - totally inappropriate and hazardous to the surrounding population and villages, especially children with the close proximity of schools.

ii) SAFETY - the A449 is already a very busy, hazardous and dangerous road, especially the stretch from Castle Hill, Cookley to Caunsall Lane. The increased traffic accessing/servicing the quarry will only lead to more accidents and deaths.

Thank You

Chris Harper-Dukes
