

Hello,

After objecting before i now want to submit another objection to this proposed Quarry near to where i live.

I have lived in Cookley village for 10 years now and although my husband has ill health at least we can walk or drive to enjoy the surrounding wonderful countryside that we live near.

We have noticed in those years how seriously bad the traf ic is on the Wolverhampton road and through either Wolverley or Broadwaters, if roadworks are in ef ect this holds
