Dear Worcestershire County Council Planning Team,
I am writing to express my strong objection to the proposed quarry development at the
Lea Castle site by NRS. This project poses serious risks to our community, environment,
and local infrastructure, particularly given its proximity to a school and new residential
estates.

tranquillity of our environment.

- Ç Ç Ç Ç Ç Serious concerns about air quality, with dust and particulate matter potentially impacting the health of schoolchildren, residents, and particularly vulnerable groups like the elderly and those with respiratory conditions. Prolonged exposure to these pollutants can lead to serious health issues, especially for young children.

The constant noise from quarry machinery, along with heavy truck movements, will create an intrusive environment for nearby schools, families, and residents. This disruption level is unsuitable for an area with new homes and a community focused on a peaceful, safe lifestyle.
