

3<sup>rd</sup> Edition 2024

# Malaysia Aerospace

MITI Deputy Minister Liew Chin Tong cited the growth in Malaysia's trade performance supported by the positive growth in the global semiconductor sector. Malaysia's total trade increased by 8.7% to RM1.158 trillion compared to the same period in 2023, which totalled RM1.066 trillion. Exports increased by 4.5% to RM605.25 billion, while imports rose by 13.7% to RM553.24 billion

Kuala Lumpur's has excellent potential, particularly when it comes to international travel within Southeast Asia, strongly supported by AirAsia. Aviation industry analysis by OAG advised that Kuala Lumpur International Airport was the world's second most connected after London Heathrow, with Tokyo Haneda, Amsterdam Schiphol and Seoul Incheon making up the rest of the top five.

The Ministry of Transport of Malaysia has pledged a generous contribution to ICAO. This support will help strengthen institutional and personnel capacities in the Africa and Asia-Pacific Region by deploying Implementation packages (iPacks) and organizing workshops focusing on aircraft accident investigation and aerodrome compliance
